

Steve Kacir's Montgomery County Big Year Target Birds

I am seeking information on the birds listed below, both in terms of sightings and also for general information about good locations for finding those birds. Any help you can provide will be greatly appreciated. I usually have limited ability to bird during the week, but will be active during the weekends. My phone number is 267-760-6458; if I don't answer please leave a message. I can be reached reliably on email at kacir@mail.med.upenn.edu. Thanks in advance for your help.
