

**WORLD SERIES OF BIRDING PLEDGE FORM**

**YES! I WANT TO SUPPORT THE NIKON / DVOC TEAM  
IN THE 2010 WORLD SERIES OF BIRDING!**

Every dollar raised supports local conservation!

This year we are excited to support to support the **BIRD-SAFE GLASS PROJECT OF JOHN HEINZ NATIONAL WILDLIFE REFUGE AT TINICUM**. Through this grant DVOC will partner with John Heinz National Wildlife Refuge and Audubon PA to stimulate public awareness of window strikes and create more demand for window solutions. This will be accomplished through a demonstration project at the Wildlife center. The center receives 125,000 visitors per year, providing excellent opportunities for education of the public. The project will present visitors with a variety of effective solutions for window and building glass. The displays will demonstrate the use of different materials for different window applications. Additionally, graphics will demonstrate the dynamics of window strikes, benefits and limitations of specific solutions and relative costs. Visitors will be able to observe first hand the look and feel of bird safe solutions. Printed literature will also be available for visitors to take home.

The Nikon / DVOC’s Lagerhead Shrike team members are experts in the game of “hit and run” birding. Nine times in the twenty-six years of the competition a DVOC team has won the grand prize - the Urner Stone Cup (highest total species identified). Follow the adventure this year at the Lagerhead Shrikes blog - <http://nikondvoc.blogspot.com/>

They do their part; now it is YOUR turn. In order to support these worthy conservation projects, we need everyone’s support in the form of pledges and contributions. Please make a pledge or a direct contribution today. And give a copy of this form to a friend!
